2204/ 115 2m. 5.9.11 1132m 27/ Wesleyan Mission, Mysore City,

February 4th. 1911

To The Chief Secretary to the Government of

H.H. The Maharaja of Mysore.

Sir,

I have the honour to call your attention to the monthly Grant of Rs200 which is now made to our Hospital for Women and Children in this City and to request that it may be kindly increased to Rs400. I presented this request last year but was told that the state of the finances would not permit of the increase. I now bring it to the notice of the Government again trusting that I may be more fortunate this year.

Our work in the Hospital was commenced at the beginning of 1906, and in August of that year the Hospital, which had cost Rs120,000 was opened by H.H. The Maharaja who has throughout taken the kindest interest in its welfare and who has recently presented his portrait as a sign of his continued sympathy with the work. Our splendid building is admirably fitted for its purpose, it contains 60 beds and is staffed by two English Lady Doctors, a Lady Nurse, a Madras trained Apothecary and an adequate staff of Indian Nurses. The beds are generally occupied and the number of out-patients varies daily between 50 and 120. The operating theatre is splendidly furnished and the fame of the Hospital is spreading to all parts of the State. Patients have come to us from even the remotest parts of the State and it is a great pleasure to us to know that our work is thus appreciated by all classes of the subjects of His Highness.

When we first applied for a Grant-in-aid I asked the Government to give us Rs400 a month. This they were not then able to do but granted us Rs200, and hopes were held out that this amount might be increased later. Our average expenses for the Indian Staff, medicines etc. have been about Rs700 a month. Including the European staff, the monthly expenses of the Hospital are not less than Rs1500. I need not say more as to the work we are doing. It is known to all and I believe it is appreciated by the Head of the Medical Department as well as by the general public. The work is supported entirely by voluntary

contributions, the burden of raising which falls entirely on me as Manager. At great cost the Hospital has recently been fitted throughout with electric lighting and I earnestly request the Government to look with sympathy on this most noble philanthropic effort and increase the monthly Grant from Rs200 to Rs400.

I have the honour to be,

Sir,

Your most obedient Servant,

George N. Sawday
